The Real Game

	School Initiative
Key Result Area connection (background)	**The Real Game** • The Real Game endeavours to help students to develop knowledge and skills to make well-informed choices about career and transition pathways
Initiative outline	• To provide year 10 students with the opportunity to explore the emerging world of work through role playing, written exercises, research projects, structured game activities and interaction with classmates, teachers, parents and community members
Who supports and organises implementation?	• Careers Adviser • Facilitators – teachers, year advisers and guests
Highlight student and/or school outcomes	• The Real game gives students tools and experiences to help them make realistic and informed choices in their lives, and therefore better prepares them to succeed in the emerging work dynamic • The Real Game is designed to work across the curriculum incorporating all subjects • The students will gain skills in decision making, communication, self-awareness and critical thinking • The program gives the students career exploration skills
2008 Enhancements	• Train co-facilitators. There are numerous opportunities for team teaching. These sessions reinforce the concept that school curriculum is very relevant to real life/work situations • Guest speakers. There are opportunities within the program to involve guest speakers. They can contribute valuable knowledge and experience
